# About Us

Headquartered near the Gerald R. Ford International Airport, SIGNWORKS OF MICHIGAN, INC. is a unique company specializing in providing visual communication solutions. Our experienced staff works closely with our clients from concept and design to the final product. This collaborative effort has enabled us to focus on our customer's needs and provide winning results. Our mission is to manage every project, large or small, with a high level of professionalism and an intensity to take care of our client.

Over the past several years, SIGNWORKS has been involved in countless projects in communities throughout Michigan and we have landscaped the area with many signage products for both interior and exterior applications. Our company provides solutions from storefront signage and wide format printing to vehicle graphics, interior signage, trade show displays, developments and town renovation projects.
